PROFILE

I am a passionate and dedicated individual with a strong background in technology and a keen interest in problem-solving. I thrive in collaborative environments and am always eager to learn and grow.

I strive to make any learning process easy to grasp, ensuring that concepts are straightforward and accessible. I have collaborated with my previous company on over 30 projects, which has given me extensive experience in front-end development and related segments.

Actively share learning progress and insights with colleagues, fostering a collaborative and knowledge-sharing work environment.
Regularly engage in discussions with team members to exchange ideas and improve collective understanding of industry trends and best practices.

EXPERIENCE

React js Developer

Osperb Innovations | 2022 - till now
In my time at Osperb Innovations, I gained valuable experience in cutting-edge technology development and contributed to innovative solutions that pushed the boundaries of our industry.

- Numerous advanced skills were acquired during my time there.
- I utilize my free time to dedicate myself to learning other languages.
- Additionally, I have honed my leadership and project management abilities.
- I've leveraged insights for strategic decisions and improved processes.
